EMPOWER YOUR IMMUNE SYSTEM

Your immune system is at constant war. You are exposed to disease causing organisms at every moment of your life. Yes, you can do your best to avoid exposure but that strategy can only take you so far. The failsafe approach to maintaining superior health is to keep your immune system healthy and strong. When you are well, it is because your immune system is healthy. When you get sick, it is because your immune system is ailing. Adding the CS Formulas® to your daily regimen more than doubles the strength of your immune system within just minutes.

CS PLUS®

Extensively researched and thoroughly tested at some of the world's top microbiology laboratories, CS Plus® 20 PPM solution has provided real and measurable results to thousands of satisfied customers. Laboratory tested for over 30 years, CS Plus® outperforms all competitors in its ability to kill disease-causing organisms and to enhance the body's own natural immunity. It is the most advanced and scientifically proven colloidal silver sold today. Rest assured, you and your family will love the benefits of CS Plus®.

CS ULTRA®

Potent and extremely effective, CS Ultra® 100 PPM solution is five times stronger than our CS Plus® formula. Available in both oral and nasal versions, CS Ultra® is the most powerful, all natural antibiotic available, yet it is totally safe for adults, children, and animals.

THE UNIVERSAL ANTIBIOTIC

Do you have immunity against or a community of infectious bacteria? SOLUTIONS IE® Colloidal Silver formulas are considered by many to be the most universal and powerful antibiotic in existence. An antibiotic kills perhaps a half-dozen different disease organisms, but CS Formulas® kill some 650 disease causing organisms; and resistant strains fail to develop.

ADDITIONAL USES

Besides being a powerful antibiotic, CS Formulas are extremely healing and effective when applied topically to blemishes, cuts, burns, and rashes. Topical application also increases cell hydration and pulls blood to the surface of your skin. This heals, restores, and rejuvenates the skin while reducing wrinkles and restoring vibrancy. Congested? It is a well known medical fact that most flu and colds begin in the sinus cavities. CS UL-

tra® Nasal is the most powerful, drug free solution available for sinus relief and clearing your head quickly.

PROVEN RESULTS

CS Formulas® are safe, scientifically proven, and the most validated 3rd party laboratory tested colloidal silver formulas available. CS Formulas® have been proven in test after test in some of the top micro-biological laboratories in the world to be the most effective colloidal silver formulas on the market today. CS Formulas® are a must-have product for every medicine cabinet. Remember- not all colloidal silver products are created equal.

THE COLLOIDAL SILVER COMPARISON

Let us assure you that all colloidal silver products are not the same. There are distinctive and measurable differences. CS Formulas® provide colloidal silver in a unique, patented formula that is not only safe, but in a form usable by your living cells. Most colloidal silver formulas are not bio-available, but enter and exit your system providing little or no benefit to your living cells.

HOW DO THEY WORK?

Many forms of bacteria, viruses, and fungus utilize a specific enzyme for their metabolism. CS Formulas® act as a catalyst, effectively disabling the enzyme that is necessary for these organisms to stay alive. Working in conjunction with your white blood cells, the “silver bullets” provided by the CS Formulas® float in your blood stream and kill disease causing organisms on contact. CS Formulas® are lethal to all tested species of fungi, bacteria, protozoa, parasites and viruses, yet are completely safe for human consumption.

PRODUCT SAFETY

Antibiotics are harmful to your own flora or good bacteria. CS Formulas®, however, are all natural and completely safe to your normal cells and the friendly bacteria needed by your metabolic processes.

THE SIE DIFFERENCE

In the early 1980s, SOLUTIONS IE® research scientist Daryl Tichy made important discoveries while researching the bacterial and viral kill rates of his exclusive colloidal silver formulation. In 1992, a study was conducted at the UCLA Medical Testing Labs which proved that the CS formulas® were the most powerful germicidal agent in the world. As a result, he became widely published as the world's top colloidal silver expert. Despite competitor claims, CS Formulas® are the only colloidal silver solutions to have been independently verified as

effective against over 650 different disease causing organisms.

HOW YOU CAN BENEFIT FROM THE CS FORMULAS®

Enhanced immunity: Significantly enhance your immunity against infectious diseases by using the CS Formulas® daily as directed.

Improve your energy levels: By effectively killing disease causing organisms, CS Formulas® take a significant load off of your immune system. When your immune system is not requiring as much of your overall energy, your energy levels will increase.

All natural and no side effects: CS Formulas® are all natural and have no negative side effects. CS Formulas® work with your body in perfect synergy.

YOUR BODY ELECTRIC

Silver is the best electrical conductor of all metals. It has also been proven that your living cells require silver to communicate effectively. Proper levels of silver in your body, and thus proper cell to cell communication, is a key factor in maintaining youthful health.

Enjoy with confidence: If you have enjoyed the results of any competing brand of colloidal silver, we guarantee you will love the results of CS Formulas®.
